EDUCATION

Fr. C. Rodrigues Institute of Technology, Vashi   *2021 - 2025*
B.E. in Computer Engineering
CGPA: 8.70

Brio Poddar International School, Thane   *2020 - 2021*
Higher Secondary Education
Peracentage: 80.8

DAV Public School, Airoli   *2018 - 2019*
Secondary Education
Peracentage: 94.4

EXPERIENCE

Meta Craftlab   June 2024 - July 2024
Full Stack Developer Intern
· Developed and maintained web applications using Svelte and SvelteKit.
· Collaborated with the design team to create user-friendly interfaces utilizing Tailwind CSS.
· Utilized Prisma with SvelteKit to design and manage a structured database, efficiently storing and retrieving data.

PROJECTS

BidChainX - Blockchain Auction Website   July 2023 - April 2024
· Designed an anonymous bidding system to offer a secure platform for bidders
· Created a dynamic and user-friendly frontend using ReactJS and Bootstrap.
· Enabled user authentication through Metamask wallet integration.
· Developed RESTful APIs with ExpressJS to connect the auction website to a MySQL database on phpMyAdmin..

JobDhundo - Job Finding and Posting Website   June 2024 - July 2024
· Built a responsive job posting platform using ReactJS.
· Created Express APIs to facilitate data transfer between the frontend and MongoDB.
· Implemented an email notification system, using EmailJS, to inform candidates about their application status.

WeatherUNA - Weather Monitoring App   December 2023
· Designed a responsive website providing users with accurate weather information.
· Integrated OpenWeather and GeoDB Cities APIs to fetch real-time weather data.
· Built a forecasting feature displaying 3-hour interval predictions for upcoming 24 hours.

TECHNICAL STRENGTHS

Languages	C++, Python, MySQL
Frameworks and Libraries	ReactJS, ExpressJS, TailwindCSS, Framer Motion
Tools and Technologies	GitHub Desktop, phpMyAdmin

CERTIFICATIONS

Introduction to Front-End Development, Meta, [December, 2022]

Programming with JavaScript, Meta, [June, 2023]
